SCHOOL PLEDGE

I promise myself,
To be strong and focused,
So nothing can disrupt my mind.
I am here to learn!
At Academic Solutions Academy,
I am responsible to make a change to exercise my right to learn.
A Change in how I complete my school work,
A Change in my attitude for success,
And a Change in how I support my future endeavors.

I am here to learn!
I am in control of my own education,
And to obtain my high school diploma.
No One can make me want this.
When I encounter a difficulty,
I will use my resources,
To find a solution,
And overcome the challenge.
I will NOT accept failure because I am Phenomenal.
No one or nothing can hinder my success,
And I will respect the same right for others.

I am here to learn!
It is not my parents,
My job,
The economy
Or the weather, that dictate my performance;
I can no longer make excuses for my actions.
No matter what happened in the past,
TODAY, I am making the change to take control of my future.
I am here to learn!

C. CODE OF CONDUCT

Academic Solutions Academy recognizes that a positive learning environment cannot exist without maintaining order and discipline conducive to learning. Broward County School's Code of Conduct is intended to standardize procedures to ensure that the rights of every student at the school are upheld.

All students at the school are required to *know* and *follow* Broward County Schools' Code of Conduct. When students do not follow the rules, they are expected to accept the consequences. A student's attitude towards these rules is very important.

Corporal punishment is not permitted. No employee shall threaten, inflict or cause to be inflicted unreasonable, irrational, or inappropriate force upon a student. Good sense and judgment should always prevail.

The rules of the Code of Conduct apply to any conduct whether the student is:

1. On School grounds during the school day or immediately before or after school hours;
2. On school grounds at any other time when the school is being used by a school group;
3. On or off school grounds at any school activity, function, or event; or
4. Traveling to and from school, including actions on any school bus, van or
5. Public conveyance.

Under this Code of Conduct, the following definitions will apply:

Student: a person-adult (18 years old) or minor-enrolled in ASA.

Parent: (a) an official caregiver of a minor child, including but not limited to mother, father, step-parent, grandparent, or court-appointed guardian, including DHS workers and /or group home employees as identified at the time of admission or amended in writing thereafter, or an emancipated minor (proof required);

(b) for young adult student aged 18-21, parent or guardian with whom the student currently resides;

(c) for married and independent adult, students aged 18-21.

When students do not follow the rules and expectations outlined in the Code of Student Conduct policy, one or more of the following actions may be taken until the problem is resolved. Refer to Page 56-58 in the Student Code of Conduct Section IX Interventions and/or Consequences:

Possible Interventions and/or Consequences of Misbehavior

The School will make every reasonable effort to correct student misbehavior through school-based resources at the lowest possible level, and to support students in learning the skills necessary to enhance a positive school environment and avoid negative behavior. The vast majority of disciplinary issues should be addressed at the classroom level by teachers. Additionally, students exhibiting serious or chronic behavior issues will be referred to the school's Collaborative Problem Solving Team (CPST) for the development of multi-tiered interventions to address targeted behavior problems. For an overview of the Collaborative Problem Solving and Response to Intervention (CPS/RtI) process, see the following link or speak to administration: <https://www.browardschools.com/Page/32437>;

Pursuant to F.S. §1006.08 and F.S. §1003.31, students who commit violent or disruptive behaviors that may pose a threat to the safety of school staff or students shall be assigned to an alternative educational program or referred to mental health services identified by the school district. Pursuant to F.S. §1006.07(7), referral to mental health services shall be in consultation with the threat assessment team.

In all instances, school discipline should be reasonable, timely, fair, age-appropriate, and should match the severity of the student's misbehavior. Any disciplinary or prosecutorial action taken against a student who violates this policy must be based on particular circumstances of the student's misconduct.

It will not be necessary to use each consequence or to use consequences in the order listed below. However, as provided in the Discipline Matrix, certain rule violations do require specific consequences. The District's Discipline Matrix is attached and also available on the District's website at: <https://www.browardschools.com/codeofconduct>; • Guidance Counselor intervention • Social Worker intervention • Family Counselor intervention • Timeout for students • Teacher/student conference, including record review • Disciplinary action initiated by teacher • Restitution, work detail, etc. • Before or after school detention (parent responsible for transportation). • Saturday School (parent responsible for transportation) • Referral to administrator • School/parent contact • School/parent conference • Conflict mediation • Alternative probationary contract • Confiscation • Principal involvement • Guidance/administration referral to school Social Worker • Removal from class by teacher • Suspension from the bus. You may view the complete suspension/expulsion policy and all School Board policies on the Web at: <http://www.broward.k12.fl.us/sbbcpolicies/>;

Referral to Special Investigative Unit/police

Full restitution by parent(s) for damage done by student in accordance with SB Policy 2303. This policy presents the School Board's position on financial responsibility for children's acts. You may view this complete policy and all School board policies on the web at: <http://www.broward.k12.fl.us/sbbcpolicies/>.

Consequences of Serious Misbehavior Leading to Suspension and/or Expulsion (Sections II-V of SB Policy 5006: Discipline Policy: Suspensions and/or Expulsion)

The Code also includes provisions for action that **MUST** be taken if there are serious problems involving weapons, drugs (including alcohol), mood-altering substances, steroids, and criminal acts. Specific action, outlined in SB Policy 5006, will be taken as a result of these violations. However, if the principal determines that the student used an instrument or object in self-defense, the student may not be suspended or expelled. Self-defense is an attempt to "prevent" an attack or a threatened injury or to stop the process of confrontation. It is not self-defense when the student uses an instrument/object to become an aggressor or to continue the confrontation after the original aggressor has retreated.

SB Policy 5006 outlines all the violations that result in out-of-school suspension and expulsion and/or the consequences. You may view the complete suspension/expulsion policy and all School Board policies on the Web at: <http://www.broward.k12.fl.us/sbbcpolicies/>;

All violations under SB Policy 5006 will involve the following steps: • Principal involvement • Immediate parent contact
Suspension from school grounds, all classes, and all school activities • Referral to Special Investigative Unit and police, as specified in Policy 5006, Section VI

OUT-OF-SCHOOL SUSPENSION:

When, by the school's administration, a student is removed from school and school-related activities on or off school grounds.

EXPULSION:

When, by action of the School Board, a student is removed from school and school-related activities on or off school grounds.

ZERO TOLERANCE:

Pursuant to F.S. §1006.13, District school boards shall promote a safe and supportive learning environment in schools by protecting students and staff from conduct that poses a serious threat to school safety. A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies to address disruptive behavior through restitution, civil citation, teen court, neighborhood restorative justice, or similar programs. Zero-tolerance policies may not be rigorously applied to petty acts of misconduct and misdemeanors, including, but not limited to, minor fights or disturbances. Zero-tolerance policies must apply equally to all students regardless of their economic status, race, or disability.

The threat assessment team shall consult with law enforcement when a student exhibits a pattern of behavior, based upon previous acts or the severity of an act, which would pose a threat to school safety.

Zero-tolerance policies do not require the reporting of petty acts of misconduct and misdemeanors to a law enforcement agency, including, but not limited to, disorderly conduct, simple assault or battery, affray, theft of less than \$300, trespassing, and vandalism of less than \$1,000. However, if a student commits more than one misdemeanor, the threat assessment team must consult with law enforcement to determine if the act should be reported to law enforcement.

Note: A threat assessment team may use alternatives to expulsion or referral to law enforcement agencies unless the use of such alternatives will pose a threat to school safety.

D. RIGHT TO APPEAL AND GRIEVANCE PROCEDURES

RIGHT TO AN APPEAL:

There may be times when students believe they have been unfairly penalized. Most problems can be solved if students speak with the teacher or staff member who was involved. If students feel uncomfortable with this person, they may request a conference with the next level of authority. Students may also request the presence of a third party, such as a counselor, assistant principal, other staff person, translator, interpreter, or attorney. Parents also have the right to be included.

If talking things over does not solve the problem, the following steps may be taken:

1. A written statement must be presented to the principal within five (5) school days after the last conference. The statement must tell what happened, when it happened, who was involved, and how the student would like the problem resolved. A copy of the statement should be filed and maintained as an educational record. The principal or the administrator with the most knowledge of the incident has 5 school days to respond in writing.
2. If the problem still has not been resolved within five (5) school days from receipt of the school's written response, the student/parent(s) may request in writing, an appointment with the Director/designee of the Office of Service Quality. The letter asking for the appointment must include a copy of the first written statement and the school's response, if one was received.

In the case of Charter Schools: If the problem has not been resolved within five (5) school days from receipt of the school's written response, the charter school student/parent(s) may request, in writing, a meeting with the Governing Board.

E. CHANGE OF PERSONAL CONTACT INFORMATION

It is the parents and student's responsibility to inform Academic Solutions Academy of any change of address or telephone number. Any other relevant information must also be updated in the office as soon as possible.

ACADEMICS

A. THE CURRICULUM

Academic Solutions Academy (ASA) provides students with an education that is aligned with Florida Standards and the Florida Standard Assessments. Student will be provided an environment that creates new knowledge through building on existing knowledge. Students will receive small group instruction, whole group instruction, individual one-to-one instruction, and career exploration. Students will be prepared and encouraged to pursue higher education by teaching them how to learn, change, and grow. Utilizing technology and life management skills will play a pivotal role in this development. Students will be empowered to seek out career opportunities and training. Students will learn they can accept challenges but achieve their goals through hard work and dedication.

Studies have revealed that the use of several computer-based curriculums can help students, especially those with varying learning styles, to procure learning gains. Therefore, ASA will utilize several computer-based curriculums to help students become successful.

The following will be utilized: Edgenuity, E-Dynamics, Power School, Power Teacher, Edge B, C, Rewards, Rewards Science, Rewards Social Studies, Read-180 and Naviance. Some of the methodologies below will be used to prepare students for success.

- ✓ Align to state and national standards.
- ✓ Increase student options to fulfill high school graduation requirements.
- ✓ Provide rigor and support for all learning needs.
- ✓ Use current digital media to engage students.
- ✓ Create an alternative learning environment for students who don't thrive in a traditional classroom.
- ✓ Allow students to overcome the one-size-fits-all pace of most schools.
- ✓ Prepare students for college, work, and life.

Edgenuity is a new option for students who need to recover credits from classes that they have failed. What makes this program unique is that it is a digital curriculum that will allow students the flexibility to earn credits.

The benefits of Edgenuity over traditional credit recovery are:

- ✓ Students can work at their own pace.

- ✓ Students can review lessons they don't understand on an as needed basis.
- ✓ Students can speed through lessons they already understand.
- ✓ Students can recover multiple classes during one semester.
- ✓ Student can finish their class in several weeks.

Information for Students

Attendance/Participation

Attendance is just as important in your Edgenuity portal as it is in the classroom. Students are expected to attend all scheduled class meetings. Failure to attend class regularly may result in removal from the Edgenuity program.

Participation in Edgenuity is not the same as in a traditional class. In Edgenuity, participation means that the student is logging into his/her course and making progress. Failure to participate in 14 calendar days results in the Edgenuity system removing the student. This type of removal removes the student's ability to log in and access their academic accounts until contact is made with the teacher. The teacher may then reactivate the student account and restore student work.

Grading

Edgenuity uses an educational model known as Mastery Based Learning. This means that the student must demonstrate mastery of each topic in the course in order to pass. Most Public Schools have decided that mastery is demonstrated at 80% and above. This means that in Edgenuity any score below 80% is not considered passing. Unlike a traditional classroom, students who do not achieve mastery on a topic are expected to return to the topic and study until mastery is achieved. One benefit to this system is that every student who finishes a class will receive the higher grades on their transcript.

Progress

One of the major differences between Edgenuity and the traditional classroom is that progress is student driven, not teacher driven. This means that it is the responsibility of the student to ensure he/she is keeping up a pace that allows the class to be finished by the end of the school year. One way the program will help students stay on track is by assigning due dates to all assignments within the course.

Due dates will be visible on every student course dashboard

Student progress will be reported in the Parent Portal which will reflect grades on completed assignments. Grades in the Parent Portal will reflect the percentage of assignments completed that are due. For example, let's say a student has a total of 10 assignments that were due before today. If that student has completed 8 of those assignments, his/her progress grade that week would be 80%. The grades that are reported in the Parent Portal are to track current progress ONLY.

These grades will not appear on student transcripts. The only grade that will appear on the transcript is the final Edgenuity course grade (when the course is completed and passed).

Course Completion

In order to complete a Edgenuity course, ALL assignments MUST BE COMPLETED with a grade of 80% or higher and a minimum of 40 hours online and 20 Direct Instruction hours. This means that a student cannot receive a final grade for the course until he/she has finished each assignment with a grade of 80% or more and the time spent in the class must be of minimum. Students are allowed to return to any assignment that has not been passed and work on that assignment until it is passed. Once a course is complete, the student will receive the final grade earned in the Edgenuity system. That grade will be entered on the student's transcript as the recovered course name.

Completing Assignments

Each time a student begins a lesson; he/she should locate the lesson's Objectives and write it in their notebook. This is an outline for the lesson that the student will learn. Students should take notes on each concept and complete the review while reading the lesson material. It is also a good idea to take additional notes while reading the material because not all questions on the assessment will be on the study guides. Once the student feels comfortable with the material, he/she may complete the assignment.

Most courses can be completed within weeks; these include:

- ✓ Quizzes/Notebooks,
- ✓ Semester Project/Presentation,
- ✓ Journals/Discussions,
- ✓ Post Tests (Mandatory to be completed in School).

Reattempting Failed Assignments

If a student has trouble earning a passing scores on a quiz/post-test in Edgenuity, the teacher will assist as follows and ensure students follow these directions:

1. Return to the lesson covered by the failed assignment.
2. Ensure the lesson's "Study Sheet" is completed and correct.
3. View responses to the assignment.
4. For each response that is incorrect or labelled "Second Attempt" the student should redo. (The system will not allow the same question to be given more than one time, so the questions will always be different. However, the questions always cover the same topics).
5. For each missed topic, the student should take at least a paragraph of notes.
6. Show the study sheets and notes to their teacher and attend MINI LESSON Direct Instruction related to content. Then teacher will let student have another attempt at the assignment.

Teacher will utilize a blended approach to ensure that students reach their academic goals. Direct teacher instruction lessons will be based on reports from Edgenuity progress. Student will be grouped according to content and given instruction based on deficiencies from their lesson. Direct Instruction will take place for students participating in an EOC or FSA course. This form of instruction is mandatory and will ensure that the student is prepared to pass the exam.

B. ACADEMIC SESSIONS

There are 2 semesters: the first one begins in August and the second semester will end around the first week of June. However, students have two academic sessions to choose from.

(7:00 A.M. to 12:00 P.M.) - (12:00 P.M. to 5 P.M.)

C. GRADING

Each student is required to complete his or her coursework. Students must receive 80% or better in order to pass.

Each student is also required to keep a portfolio of his/her accomplishments. The portfolio is reviewed by the school's Graduation Committee, Administrator, and the Board of Trustees before the student is deemed ready for graduation.

Grading Periods:

Student will:

- ✓ Take quizzes or tests, daily, weekly or monthly,
- ✓ Receive 1 progress report each five weeks,
- ✓ Receive 1 progress report card every nine weeks,
- ✓ Have in their personal file Prescribe Instructional Plan.

Grades:

Grades will be noted numerically in a scale of 0-100. It will be recorded in your child's report card in numbers and letters

Weekly grade:

Student will be graded Daily. This note will include:

- ✓ Edgenuity Learning: 50%
- ✓ Direct Instruction: 40%
- ✓ Supplemental 10%

Quarterly grade:

- ✓ Average of the weekly grade.
- ✓ Average of the monthly tests.

Final Grade:

- ✓ Average of the marking periods and class project.

Homework:

Homework will be given according to each student's Prescribe Instruction Plan (PIP). Homework will be individualized to help student get caught up on their work. All incomplete homework will affect 30% of the weekly grade. All students are encouraged to log into the Digital Curriculum (Edgenuity) to take notes on the next lesson or complete quizzes at home.

D. CONFERENCES/OPEN HOUSE

Process for Scheduling Parent Conferences

1. Parents can contact the front office to schedule a parent/teacher conference.
2. Scheduling of 15 minute sessions is available to all parents.
3. Translators will be available if needed.
4. School will telephone parents to remind them of appointments.

These are held once a week between 4:00 p.m. – 5:00 p.m. Teaching/administrative staff at ASA will call to invite you to a parent/teacher conference with your child's teachers. Additionally, if you prefer, you can call in and make an appointment during the specified times. These meetings are held for the purpose of increasing your understanding of the progress your child is making.

1. The school will contact parents to schedule conference.
2. Send home reminders one week before the conferences.
3. Phone calls/email to parent's days before the meeting.
4. Contact parents who do not show up and try to reschedule.

We will have an open house each year to give parents the opportunity to meet with their teachers/staff. Conferences are strongly encouraged throughout the year and again, should parents need to meet a teacher, they need to request a conference.

E. TRANSFERRING CREDITS

Students' credits from former high schools are transferable to ASA.

A "Request for Records" will be sent to the student's school. If a student has an official transcript, it is recommended that he/she attach it to the initial application or submit it to the main office as soon as practicable after completing the application.

All credits will be validated pursuant of the School Boards Procedures.

*Note: An official transcript must have a raised seal. ASA **must** provide an Official transcript in order for the student to graduate.*

F. HIGH SCHOOL PROGRESSION PLAN

- 1. Purpose.** Academic Solutions Academy, Inc. (the “School”) recognizes the value of electronic devices and the internet to improve student learning and enhance school administration and operations. However, the internet is an unregulated vehicle for communication, and information and interactions on the internet can pose certain risks to students and staff members. Therefore, the Governing Board adopts this policy governing the use of school networks to comply with Florida law and State Board of Education rules, and to provide rules for students and employees accessing such networks.
- 2. General Requirements for Users.** It is the policy of the School to maintain an environment that promotes ethical and responsible conduct in all online network activities by staff and students. It shall be a violation of this policy for any employee, student, or other individual to engage in any activity that does not conform to the established purpose and general rules and policies of the network. Users on any network operated by the School shall comply with the following requirements:

 - a) All use of a network must be in connection with education and research, or in the case of employees, related to the employee’s job functions.
 - b) Users shall not access any content that is prohibited under this policy or under the law.
 - c) Users are prohibited from using the School’s networks for any illegal or unethical purposes, including infiltrating or hacking the School’s systems or any outside systems.
 - d) Users shall not utilize the School’s networks for personal gain or personal business.
 - e) Users shall not install any unauthorized software or programs on any School-owned electronic device or network.
 - f) Users shall not destroy, delete, or modify any School-owned devices or software unless authorized to do so.
 - g) Users shall not utilize the School’s networks to engage in harassment, discrimination, cyberstalking, cyberbullying, or obscene behavior.
 - h) Users will avoid clicking unknown links or accessing webpages and other content that may contain malware, spyware, ransomware, or other malicious software.
 - i) If any user accesses prohibited content or downloads potentially malicious software, the individual must immediately report the incident to their teacher, in the case of students, or to the Principal, in the case of staff members.
- 3. Requirements for Student Users.** The following requirements apply to the use of the School’s networks by students:

- a) Student internet and technology sessions must always be supervised by a teacher or other staff member.
- b) Students may only use technology or access the internet when expressly instructed by a teacher for educational purposes.
- c) Staff members who supervise students, control electronic equipment, or otherwise have occasion to observe student use of school-provided technology or internet access shall make reasonable efforts to monitor student use to assure that it conforms to the requirements of this policy and the law.
- d) Staff must make reasonable efforts to become familiar with the internet and its use so that effective monitoring, instruction, and assistance may be achieved.

4. Prohibited Uses. It is strictly forbidden for any users to access online content that is lewd, pornographic, scandalous, obscene, illegal, hateful, objectionable, inappropriate, or that otherwise does not comply with the requirements of this policy.

5. Social Media Platforms. As a general rule, the School's networks may not be used by any person to access social media platforms. In limited circumstances, students may be permitted to access social media platforms when expressly directed by a teacher to do so and solely for educational purposes. Staff members may also access social media accounts that are maintained on behalf of the School and related to the staff member's job duties. Prior to requiring students to use online content, staff must confirm that the content is not blocked by the student internet filter. Staff may make a request to their supervisor that blocked content or social media platforms be reviewed and temporarily unblocked for educational purposes. Notwithstanding the foregoing, under no circumstances may any employee or student access TikTok or any other platforms prohibited by Florida's Department of Management Services while on school grounds or participating in a school activity. Additionally, the use of TikTok to communicate or promote the School, a School-sponsored club, extracurricular organization, or athletic team is prohibited.

6. Online Messaging Platforms. Students are only permitted to utilize sanctioned email, chatrooms, and online messaging platforms while at the School or as part of School activities and only when permitted by a staff member as part of the educational program. Students should be made aware of the potential dangers posed by communicating with unknown individuals on the internet and such communications are strictly prohibited.

7. School's Responsibilities. In order to ensure network safety and enforce the provisions of this policy, the School's administration will implement the following measures:

- a) Provide internal and external controls as appropriate and feasible that restrict access to content, including implementing a network filtering system that is designed to block access to prohibited or restricted content on the School's networks and on any School-issued device. Access to content should be limited to age-appropriate subject matter and materials. Access to websites, web or mobile applications, or software that does not protect against the disclosure, use, or dissemination of students' personal information in accordance with Rule 6A-1.0955, F.A.C., will be prevented.

- b) Monitor the use of online activities and electronic devices. This may include real-time monitoring of network activity and/or maintaining a log of internet activity for later review.
- c) Remove or revoke privileges for any user that poses a threat to the safety and security of the network or to any person.
- d) Retain the ability to remotely remove any prohibited application from any School-issued device.
- e) Restrict access to social media platforms, applications prohibited by the Department of Management Services, and any other destination that does not adequately protect student information.
- f) Make reasonable efforts to train staff and students in acceptable use and policies governing use of the School's networks and devices.
- g) Contract only with service providers and operators of websites, online services, or online applications that comply with all state and federal laws governing the disclosure of confidential student information.

8. Violations. Use of electronic devices and networks provided by the School is a privilege. To maintain the privilege, all users agree to learn and comply with the provisions of this policy. Violations of this policy may result in revocation of network access rights and further disciplinary action. Students that violate this policy will be disciplined in accordance with the Code of Student Conduct. Staff members that violate this policy will be subject to disciplinary action up to and including termination. Any criminal activity will be reported to law enforcement.

9. Parental Notification. A copy of this policy shall be made available on the School's website and incorporated into the School's Parent & Student Handbook to fully inform parents.

In the case of an imminent threat of harm to students, including an active assailant incident or hostage situation, notification to parents must be made as soon as practicable. Such notification should be made in consultation with local law enforcement and first responders in order to avoid compromising the safety of students and the efficacy of the emergency response and investigation.

The extent of the information provided in the notice will depend on the individual circumstances of the event. In determining the content of notifications to parents, school personnel must consider including specific information about the threat or incident necessary to inform parents and safeguard the community as determined by the threat assessment team or the Principal. The administration will also consult with law enforcement for all Level I and Level II SESIR offenses, as identified in Rule 6A-1.0017, Florida Administrative Code. This is not intended to limit the authority of school personnel to involve law enforcement in any matter relating to a suspected or actual violation of the law or in any other circumstance warranting the involvement of law enforcement.

8.) Safe-School Officer

The school shall comply with Section 1006.12, Florida Statutes, and ensure that a safe-school officer is present on campus during the school day when the campus is open for instruction. The mobile panic alert systems must include mobile devices placed throughout the school campus. In determining the number and placement of devices needed to afford all staff members the ability to silently and easily activate the panic alert in the event of an on-campus emergency, the school must consider using a combination of fixed panic alert buttons, mobile and desktop applications, landline phone capabilities, and wearable panic alerts (such as on a lanyard).

11.) Florida Safe Schools Assessment Tool (FSSAT)

In order for the Broward School Safety Specialist to complete the school security risk assessment at the school, school personnel will cooperate with the School Safety Specialist's requests for information and access. The Board and administration must ensure that any information needed for required reporting of safety information within FSSAT is timely provided to Broward according to their policies, as necessary. The school will also cooperate with the Broward School Safety Specialist in allowing first responders and

public safety agencies to tour the campus every three years to provide recommendations related to school safety.

12.) Emergency Drills

The School Safety Plan will clearly document the procedures and details for drills and emergency evacuations. All students and staff members shall be made aware of the plan. Maps highlighting the escape routes for fire drills will be posted in all school rooms and provided to students and staff if requested.

- **Requirements for Drills:** All persons on the campus during an emergency or fire drill must participate in the drill. During emergency drills, fire drills, and during actual emergencies, Academic Solutions Academy staff will use plain language to communicate the nature of the emergency and instructions to students and staff. Plain language means communication that can be understood by the intended audience, which is free of coded language, jargon, and acronyms, and meets the purpose of the communicator. Academic Solutions Academy will vary the conditions of emergency drills and fire drills. Drills must be held at both expected and unexpected times and under varying conditions that require school staff, students, and building occupants to take protective actions based on the specific circumstances of the simulated incident. The time of day in which emergency drills and fire drills are held must be varied. In setting the drill schedule, the Academic Solutions Academy administration must consider drills beginning at nonstandard times, such as within an hour of the start of the school day, during lunch, when students are between classes, or within an hour of the end of the school day. Emergency drills and fire drills must test all applicable functions included in the threat scenario, such as panic buttons, participant movement (lockdown, shelter-in-place, or evacuation), simulated communications with first responders, notification to parents, and appropriate protective actions, such as turning off lights, and covering windows. Emergency drills and fire drills must be conducted in accordance with developmentally appropriate and age-appropriate procedures.
- **Frequency:** Fire drills must be completed monthly or as often as otherwise required under Florida's Fire Prevention Code. Academic Solutions Academy will conduct six (6) emergency drills every school year that are nonconcurrent with fire drills. One (1) emergency drill must take place within the first ten (10) days of the beginning of the school year, and the remaining drills must take place at least every forty-five (45) days that school is in session. Four (4) of the six (6) emergency drills must address active threats. The remaining two (2) drills must address other emergency events, such as severe weather, natural disasters, hazardous materials, or reunification. Law enforcement officers must be physically present on each school campus and directly involved in the execution of active assailant emergency drills, unless their presence is determined to be unnecessary by the sheriff.
- **After Action Reports:** An after-action report must be completed following each emergency drill and fire drill. After-action reports must identify the type of drill, location and date of the drill, participants, and involvement of law enforcement or other public safety agencies. In addition, the after-action report must describe actions taken by participants, must analyze areas of success and areas where improvement is needed, and include input from public safety agencies and a plan for corrective action. After-action reports must be submitted to the Broward School Safety Specialist for review fifteen (15) calendar days following drill completion, or as otherwise required by Broward.

13.) Hurricane Closures

The organization will follow the same emergency closures as Broward Parents should monitor local news outlets during inclement weather. If the public schools are closed, Academic Solutions Academy will also

be closed. In the event that multiple closures occur and time must be made up, school days will be added according to the adopted amended school calendar by the school's governing board.

Special Magistrate for Teacher Empowerment Policy

This is the Policy on complaints related to a teacher being directed by ACADEMIC SOLUTIONS ACADEMY, INC. (the "School") to violate general law or State Board rules as described in Section 1015.06, Florida Statutes. This policy is implemented to comply with the requirements of Rule 6A-1.094127, Florida Administrative Code, Section 1015.06, F.S, Florida Statutes, and other relevant laws.

1. Types of Concerns Covered. A Special Magistrate will only consider disputes where a classroom teacher alleges that he or she has been directed to violate general law or State Board of Education Rule by the School or the School District.

2. Complaint Procedures. To request appointment of a Special Magistrate, a teacher must follow these steps:

- Complete and return the form entitled “Teacher Request for Appointment of a Special Magistrate” which is available by request or online;²
 - Describe the nature of the dispute, including the School procedure or practice in question and the general law(s) or State Board rule(s) the School is allegedly directing the teacher to violate through its procedure or practice;
 - Describe the resolution or relief previously sought at the School and School District level;
 - Describe the resolution sought from the Special Magistrate and the State Board of Education;
- Demonstrate that before filing for the appointment of a Special Magistrate, resolution of the

- dispute was sought by the teacher with the teacher's Principal and subsequent to that, resolution was sought by the teacher at the School District level, all in accordance with the procedures adopted by the School District for resolution of the dispute. In order to meet this requirement, the teacher must demonstrate that he or she has, *in writing*, pointed the Principal and School District personnel to the specific provision(s) of general law or State Board rule the district is requiring him or her to violate and how that act or omission would violate that specific provision of general law or State Board rule; and

The Department will provide the teacher and the School District written notice once a decision has been made.
